

MORNING APPEAL.

WEDNESDAY, FEBRUARY 12

THE GENTILES WIN.

It ought to be a matter of congratulation to every honest American that the Gentiles won the city election in Salt Lake.

For years this city of magnificent surroundings has been in the clutch of Mormonism, and by reason of the vile rule of their church, is only half as large as it ought to be and twice as dirty.

On Monday the Gentiles, who have for a quarter of a century, scarcely dared to walk upright as American citizens, rose up and wiped out the Mormons at the polls.

In future the city will be governed by the Gentiles, and with the magnificent raw material at their command, what a city they can make of it!

The knell of the foulest conspiracy to make merchandise out of fanatical religious bigotry, was tolled on Monday last, and the sound vibrated to the utmost corner of the priest-cursed territory where Brigham Young set up the standard of his false religion to cover his scheme of enslaving and robbing an ignorant following.

It is clearly in evidence that hundreds of Mormons quietly voted the Gentile ticket, as they were sick of the church rule and glad to see it overthrown.

THE SILVER ISSUE.

We publish today a full text of the bill drawn by Colonel Kirby, financial editor of the New York Journal of Commerce, which has been introduced in the House of Representatives. It is to all intents and purposes a free coinage measure, and the one which the silver men in Congress should unite upon as against the Windom yellow metal iniquity. The only possible objection to it is that the principal provision does not take effect until the first of January 1892, but as Section 4 makes the present maximum amount of four millions per month, the intervening coinage rate the effect would be substantially the same as though free coinage ensued immediately upon its passage. The issue is now fairly presented in Congress, and we have only to await the result.

REMEMBERING THE EDITOR.—The APPEAL acknowledges the receipt of some cabbage seeds from Senator Stewart and some carrot seeds from Senator Jones. We have planted all the seeds we ever received from our Senatorial delegation for several years, and would suggest that the U. S. Government secure seeds of a little fresher variety. They tell of wheat seed found in the hand of an Egyptian mummy which had been dead 2000 years, yet the seed sprouted. Some of the Congressional seeds must antedate these for they never sprout at all. Still it is pleasant to realize that the hard worked campaign editor is not wholly unrewarded for arduous party services. All we lack is a few pounds of beans to make us feel that the Government still knows where we live.

Send 'em Your Products.
THE STATE BOARD OF TRADE,
RENO, NEV.

TO THE EDITOR OF THE APPEAL:—DEAR SIR: Will you kindly announce through the columns of your valuable paper, that the State Board of Trade would be thankful for any specimens of ore or agricultural products sent them. It is the object to place them on exhibition at Reno, and other points along the Central Pacific. Persons complying with this request can send them at the expense of the Board of Trade; addressed to the Secretary, Reno, Nev.

Respectfully,

By order of the Board.
ALLEN C. BRAGG,
Secretary.
